Creative Coding

The background is a complex, dark, and textured surface. It features a dense, repeating pattern of small, light-colored triangles that create a shimmering, crystalline effect. Overlaid on this is a faint, glowing circular pattern that resembles a stylized 'C' or a circular path, adding a sense of depth and movement to the overall composition.

"Why wouldn't you?" is a question each of us, in work and in life, would benefit from asking ourselves more often. Max showed us how much fun you can have when you remember to do it.

Practicum

1 Introductie in Max

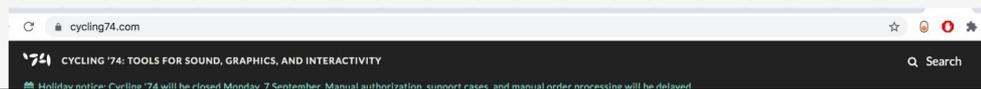

studietijd: 1 - 1.5 uur

Dit is de introductieopdracht in Max. Je kunt de practicum opdracht maken op de computers in het lokaal, maar wij raden je sterk aan om Max te installeren op je eigen laptop. Zorg dat je altijd je patch kunt opslaan en bewaart op een usb-stick/drive/cloud. De eerste maand kun je de trial-period gebruiken, maar je kunt ook een jaarlicentie aanschaffen met studentenkorting. Dit programma heb je namelijk het hele jaar nodig. Je kunt ook Max4Live gebruiken (in Ableton Live)

1 Installeren

a. Account aanmaken

Ga naar [Cycling'74.com](https://cycling74.com) en maak een account aan. Deze heb je nodig om de trial-period te starten en kan je later ook gebruiken om met studenten-korting een jaar-licentie aan te schaffen.

Elke week een opdracht, met deze week:

- Max installeren
- Wegwijs in de patcher window
- Eerste objecten met een beetje MIDI
